### Your tasks:

- Installation of cooling water and refrigeration systems in our container systems
- Installation of pipework and system components
- Independent processing of work orders
- Assistance with the commissioning of systems
- Other mechanical work in the area of container construction

### Your profile:

- Completed training in the field of HVAC (apprenticeship, technical college)
- Experience in refrigeration technology is an advantage
- Ideally several years of relevant professional experience
- Independent working style and ability to work in a team
- Good German language skills

### You can expect:

- An interesting working environment in a motivated team
- State-of-the-art work equipment
- Numerous special benefits (fruit, doctor, gym allowance, ...)
- Development opportunities in an industrial company with all the benefits of a family business
- Canteen with regional delicacies

For this position, a gross salary of 2.900,- Euro is planned. We are happy to overpay depending on your professional experience and qualifications.
