Your tasks:

- Responsibility for the smooth running of intralogistics to ensure trouble-free shipping and material supply to production
- Various tasks in the area of warehouse management and inventory management
- Checking the plausibility of the requirement quantities proposed by the warehouse management system and adjusting them in the event of deviations
- Ensuring compliance with company and product-specific storage regulations
- Implementing suitable measures in the event of incorrect deliveries in cooperation with quality assurance, including returns processing
- Initiating measures in the event of stock discrepancies and ongoing optimisation of the warehouse organisation

Your profile:

- Successfully completed training (foreman, Matura, degree), ideally in the field of logistics
- Good understanding of business management, ecological and entrepreneurial contexts as well as the internal flow of goods
- Cost-conscious, resource-conserving and process-orientated approach
- Independent and structured way of working, complemented by the ability to work in a team and strong communication skills
- Experience with MS Office and ERP systems (Sage B7 an advantage) as well as experience in dealing with identification systems (Pro.File)
- Very good German and good written and spoken English skills. Czech is an advantage

You can expect:

- An interesting working environment in a motivated team
- State-of-the-art work equipment
- Numerous special benefits (fruit, doctor, gym allowance, ...)
- Development opportunities in an industrial company with all the advantages of a family business
- Canteen with regional delicacies
- The opportunity to actively shape the future of the company

For this position, based on full-time employment, a gross salary from 2.900,- Euro is planned. We are happy to overpay depending on your professional experience and qualifications.
